

About Dr. Lawrence J. Master, Ph.D. Doctor of Nutritional Sciences

Dr. Master has been auditing for more than 40 years and has worked nationally and internationally. A Golden Age of Tech Auditor and Data Evaluator, Dr. Master has received many awards throughout the years. During the 1970s, Dr. Master was on staff at the Founding Church in Washington, DC where he held many posts including lead auditor, case supervisor and course supervisor. He also became the key Expanded Dianetics Auditor and Case Cracker for the Org. In this position he handled all of the slowed, bogged and difficult cases. This is where he first targeted "failed cases."

In 1991, Dr. Master settled in Los Angeles and soon his auditing skills were called upon to help children. After auditing children for some time, it became apparent to Dr. Master that a place was needed where LRH Qualification Technology could be applied to children in a home setting. In 1997, Dr. Master established The Four Winds Ranch (formerly Larry's House) and began his formal education program in nutritional sciences.

Now a Doctor of Nutritional Sciences, Dr. Master specializes in delivering the following health protocols on an in-house basis:

- Nutritional Health Diagnostics
- Nutritional Health Treatments
- Acupressure Therapies
- Native American Healing and Herbs

Children that Dr. Master helps are living happier, more productive and more successful lives. With these children winning, the parents and siblings of these kids are rapidly achieving their goals to go Clear and OT®.

“There is no other program like this in existence. The results that I've seen are incredible.”

-Dr. Margaret Martin
Ph.D., Public Health

“The medical community says that autism is incurable. But by applying the standard LRH Tech and four valid therapies to my son, you've proven them wrong. You truly are a miracle maker.”

-Nancy Rogers

“Our son was out of control and none of the Tech we applied worked. It took you spotting that he was a "failed case" and your program that finally handled him. Now he's a stellar human being and is dedicating his life to helping others!”

-Mark Schlaich

“My daughter has been rescued from a life of hell because someone knew the Tech and had the guts, drive and caring to apply it. It is really quite an amazing story of very loving people.”

-Janet Petersen

“Larry audits my daughter as a gift because he cares, because he wears the boots! As beautiful as the English language is, there are no words capable of expressing my heartfelt gratitude and thanks for what he is doing for my little girl. He has used LRH's Tech to give her back her life.”

Giving Children Back Their Sprit of Life

Founded in 1997, The Four Winds Ranch (formerly Larry's House) is a family home, not a boarding school. Located just outside of Austin, Texas, we specialize in applying the four valid therapies as outlined by L. Ron Hubbard™ in *Science of Survival*, to children who are not thriving in life.

If your child is experiencing any of the following difficulties, then you've come to the right place.

- The Tech that you and others have applied to your child seems to bounce off – nothing sticks
- Your child is demonstrating non-optimum behavior and/or study difficulties, but you don't know why and all other actions you've taken haven't handled the situation
- Your child is misemotional, always sick, hyperactive, aggressive, or a slow learner
- Your child has difficulty being a group and/or family member
- Your child is a slow-case-gain or "failed case"
- Your child has chronic illnesses or physical disabilities

"Failed cases" are medically ill or injured cases. Without exception.

From HCOB 12 Mar. 69, *Physically Ill PCs and Pre-OTs*

With over 10 years of proven success, we can help turn tragedy and sorrow into triumph and happiness for you and your child.

There are four valid therapies, if we wish to use the term loosely. First there is Dianetic processing. This rids the individual of the pain and painful emotion which aberrates his reason. Second there is education. This indoctrinates the individual with the culture in which he lives and gives him the skills of survival, better enabling him to survive. The third is changing his environment into one which is less restimulative, is happier for him and in which he can better survive. This would include nutrition, medical care and recreation. The fourth is regulating the amount of MEST which the individual should control.

L. Ron Hubbard
From the book *Science of Survival*

LRH™ states that there are four valid therapies. The Four Winds Ranch integrates all four of these therapies in a unique family setting. An individual and unique program is developed for each child that includes:

■ Dianetics Auditing Program

(Delivered for Free on a Scientology Volunteer Minister basis)

At The Four Winds Ranch, your child will receive the exact Dianetics® Auditing Program and assist program needed to handle whatever case difficulties he/she is experiencing. Tailor-made auditing programs can be developed to handle:

- Hostility/Antagonism/Other Misemotion
- Out-exchange
- Chronic out-ethics
- Non-production/Laziness
- Dramatizations and disruptive behavior
- Inability to be a group or family member
- Inability to be in present time
- Compulsively out of communication
- Unhappiness

■ Medical Liaison Officer (MLO) Handling Program

The main difference between The Four Winds Ranch and other programs lies in its strong Medical Liaison Officer (MLO) Handling Program. Many behavior problems are to a degree the result of an undetected or unhandled medical condition.

To handle these conditions, we work with a team of top traditional and alternative medical doctors. Upon arrival, and with your approval, your child will receive a complete medical examination. Again, with your approval, your child will then be put on a tailor-made nutritional and medical program designed to handle any health issues that could be contributing to his/her condition.

■ Educational Program

Education is a ruin area for many of the children that we work with. At The Four Winds Ranch, any study or learning difficulties that your child may have will be addressed and handled.

Your child can be enrolled in a Home School Program of your choosing. During home school and any hatting cycles, LRH Study Technology will be fully utilized.

Each day, the children are educated in life basics. From cooking and cleaning, to hygiene and manners, basic life skills that your child will need to become more self-reliant will be taught to him/her.

The Way to Happiness moral precepts are used daily to give the children stable datums to the confusion of existence and enable them to create their own happiness.

■ Ranch Style Environment

Nestled in the Texas Hill Country, The Four Winds Ranch is a safe and peaceful haven. Located about an hour from Austin, the house sits on 15 acres—plenty of room for the kids to run around and have fun.
